1. [ ] LEGISLATION Per [ ] instructions, I sent a fact sheet on H.R. 6227 to Frank Slatinshek, Chief Counsel, House Armed Services Committee.

2. [ ] LIAISON John Walsh, Investigator for the Senate Government Operations Permanent Subcommittee on Investigations, called to ask whether we had been able to find anything in response to Senator Henry Jackson's (D., Wash.) request for information on the individual being investigated by his Subcommittee. I told him that based on the information the Senator had provided, we cannot confirm any part of this individual's story nor does this individual have any connection with the Agency. He asked if we could put this in a letter to Senator Jackson.

3. [ ] INTELLIGENCE BRIEFING Ed Schallert, of Representative Les Aspin's (D., Wis.) office, called asking for a breakdown of a figure provided him in a January 1975 Agency memo reflecting the dollar cost of Soviet defense expenditures. I advised [ ] who will let me know if there will be a problem in developing unclassified figures on this.

4. [ ] CONSTITUENT Received a call from Mary Lou Campbell, in the office of Senator Vance Hartke (D., Ind.). A [ ] had contacted her today seeking assistance to secure from the Agency a letter stating that [ ] has never been employed by the Agency. She explained that [ ] claims that he had been fired from a position with a private company in Texas in 1968 for security reasons. He further claimed that he cannot hold a job because he feels that the CIA and FBI are out to ruin him. I told her I would check our records to be certain that he had never been in our employ and call her back. The call was discussed with [ ] OS, who conducted appropriate checks within Security and the DDO and all were negative.

the rooms of the House International Relations Committee--although it was not a Committee briefing as such. He said he would not arrange for this to take place on Friday since the Director is scheduled to appear before the Senate Select Committee on Friday at 10:00 a.m.

20. [REDACTED] LIAISON Called Clark McFadden, General Counsel, Senate Armed Services Committee, and alerted him to the problems we were having with the SALT transcript of 11 February 1975 before Jackson's Arms Control Subcommittee. I told him I had discussed this with Chairman Stennis and mentioned the Director would probably be talking with Senator Jackson on the subject.

21. [REDACTED] HEARINGS Called Walter Sheridan, on the staff of the Senate Judiciary Subcommittee on Administrative Practice and Procedure, for follow-on questions on the Agency's behavioral experimentation programs and he suggested that he may wish to give me a few of them over the telephone so that I can get started on them. He said it has been decided at the staff level that they would submit written questions under the signature of Senator Edward M. Kennedy (D., Mass.). He didn't know when this would happen and I agreed to stand down until I heard from him. It was recalled that it was my view as a junior partner of the firm that it didn't make sense to have two Committees investigating the same subject. He said that they now have a clearance from Senator Frank Church (D., Idaho) for their Subcommittee to obtain from the Agency the [REDACTED] documents and asked where their request stood. I said we have not heard from the [REDACTED] family lawyers on the question of their privacy. As soon as we hear from them, we will notify them. (Called [REDACTED] OGC, on this who said he preferred not to call the [REDACTED] lawyers again because we have other things going with them. I plan to suggest to Sheridan that they call themselves, but will wait a few days before doing so.) It is apparent that the Subcommittee staff is disappointed that they did not get a horror story from us on the 23rd of September when we briefed them, and they believe the scoop lies in the past. Should we get a letter from the Senator, it is suggested the Director respond on a common-sense argument and should he persist, it might be a smart thing to let both Committees go at it.
